Brandini (Hilken's Black Delight - Nantano - Durello)
His first British foal, colt born May 2007,
bred at Blackington Stud

Blackington Stud
Manor Farm
Garford
Abingdon
Oxfordshire
OX13 5PB

**German Pony Stallion
Black, 2003, 14.1hh**

**Weser-Ems
Licensing Champion 2005
30-day Performance Test
Champion 2007**

This exquisite young Weser-Ems stallion won the 2005 Weser-Ems licensing and was the first pony ever to be invited to the Oldenburg Stallion Parade where he received a standing ovation and was described as being "as close to perfection as possible" and the most stunning pony they had seen for at least 6 years since his sire, Branduardi M won the licensing.

"As close to perfection as possible"

Oldenburger Magazine said this of Black Delight ...

"The beautiful black stallion enchanted the audience with his type and his spectacular, generous movements which are excellently carried by the hind. He made the audience celebrate him with standing ovations. Over the jump, he shows just the same superior quality. His dam's and sire's line are both loaded with big names and highly successful relatives, among them his ¾-sister, Hilken's Shakyrah, who not only won the Elite Mare Show in Vechta, but also the class of the 3-year-olds at the National Mare Show in Warendorf this year."

Now competing successfully in ridden classes, Black Delight was Reserve Champion in the Berlin National Stallion Show in 2007 (a very prestigious event held every four years and by invitation only), and Champion Riding Pony at Höven with an overall score of 8.7 (no score under 8 and three 9s).

He became Champion 4-year-old Riding Pony at the Oldenburger/Weser-Ems Championships in Rastede in 2007, winning the first round and beating 34 other ponies with a score of 8.7. In doing so he qualified for the Bundeschampionat. He then became 30-day Performance Test Champion at Neustadt-Dosse in November 2007, with the outstanding score of 8.71.

Branduardi M, sire of Hilken's Black Delight

His first crop of foals inherited his superb movement, conformation and temperament, and his second crop is proving his consistency and reliability as a sire. Foals can be registered with Weser-Ems, Hanoverian and Westfalen Studbooks in addition to the mare's own studbook, and he is now also registered with the SPSS (Sports Pony Studbook Society).

Black Delight's dam, St Pr St Syrah, and her half-sisters St Pr St Shakyrah and St Pr St Sophie won the Weser-Ems Elite Mare Shows in 2001, 2002 and 2005. Syrah qualified for the Bundeschampionat as a 3, 4 and 6-year-old and was Reserve Champion of her mare performance test. Sophie was Champion of her mare performance test and finished fourth in the finals of the Bundeschampionat 2002. There are many licensed stallions, State Premium mares and successful sport ponies out of this dam line.

St Pr St Syrah, dam of Hilken's Black Delight

Black Delight's pedigree is remarkable. His sire, Branduardi M (Black Boy - Valentino - Caid AA) won his performance test (8.85), and later became Vice Bundeschampion and the pony with the highest earnings in sport of all 4 - 6-year-olds at that time in Germany, being successful up to FEI-level dressage and jumping classes level L (about 4'2), against ponies and horses. He was then sold to Denmark where he immediately became a member of the national pony dressage team, competing successfully all over Europe. He is now believed to be competing in jumping classes in the USA.
